

TIME IS MONEY. WHY LOSE EITHER ONE?

Sure, being in the market has its rewards and its risks...but have you ever considered the time a market loss can cost you? Take a look at the chart below to see how much time it would take to make up for that loss:

Market Loss	At a 3% return, you'd need:	At a 6% return, you'd need:	At a 8% return, you'd need:
10%	3.6 years	1.8 years	1.4 years
20%	7.5 years	3.8 years	2.9 years
30%	12.1 years	6.1 years	4.6 years
40%	17.3 years	8.8 years	6.6 years
50%	23.4 years	11.9 years	9.0 years
